

AVI ON DEMAND ONLINE TECHNICIAN TRAINING

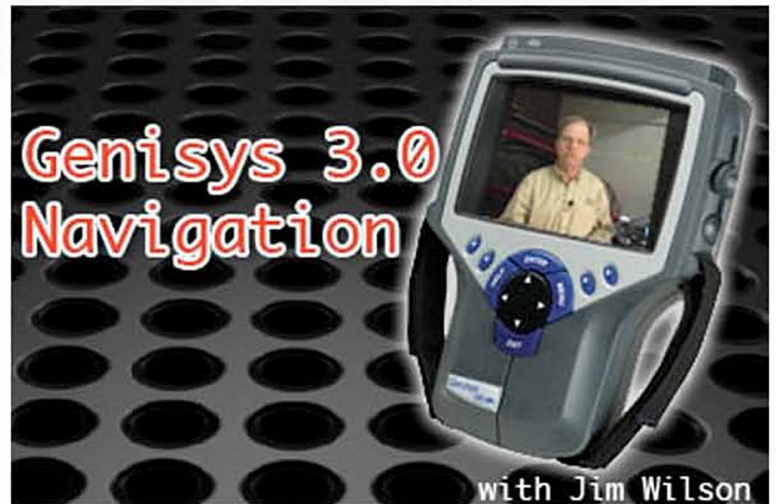

LBT-159: Genisys 3.0 Navigation

AVI can help you get an immediate return on your diagnostic investment. Jim Wilson will take you beyond the basic navigation of your Genisys 3.0 so you can get the most out of this powerful tool and be more profitable.

This navigational program explores the new interface and software and features in-depth Pathfinder and Repair-Trac information. The DVD is chaptered to allow you to train at your own pace and review the training anytime. This course takes you beyond button pushing to show you features like graphing, protocol tests, recording, record playback and more.

- * Hands-on global OBDII navigation
- * Step-by-step instructions
